About the Seminar

A seminar to commemorate the 125th birth centenary of the legendary leader Satish Chandra Samanta celebrates his enduring legacy as a freedom fighter, social reformer, and visionary. Known for his leadership during the Quit India Movement and as a key figure in the Tamralipta Jatiya Sarkar, a parallel government during British rule, Samanta epitomized courage and dedication to India's independence and rural development.

The seminar aims to explore his contributions to grassroots governance, cooperative farming, and the upliftment of rural communities. Discussions will focus on his commitment to self-reliance, his advocacy for Panchayati Raj, and his transformative role in Indian politics. Keynote addresses by historians and political scientists, panel discussions on his relevance in modern governance, and cultural programs highlighting his life will form the core of the event.

This platform also seeks to inspire the youth by revisiting Samanta's vision of decentralized governance and community participation, which remain relevant in addressing contemporary challenges. By revisiting his ideals and achievements, the seminar pays tribute to a leader who left an indelible mark on India's freedom struggle and its journey towards inclusive development.
